

Aging with HIV Workgroup Purpose:

Education: Conduct Awareness Campaign to educate PLWHA and providers on issues surrounding aging with HIV. Resources: Position the Denver TGA to best meet the needs of PLWHA aged 50+

Introductions / Announcements

Background

1. Representation – Largest PLWHA population at 40.8%; 26.0% increase in 50-59 population in last three years; 80% increase in 60+ population in last three years (source: eHARS)
2. Acuity – Research indicates that aging increases overall medical needs of individuals; Aging PLWHA will likely be experiencing accelerated mental and physical symptoms associated with aging (source: 2009 Aging Presentation)
