How to get involved in the Accountable Care Collaborative (ACC) Program Improvement Advisory Committee

<http://www.colorado.gov/cs/Satellite?c=Page&childpagename=HCPF%2FHCPFLayout&cid=1233759745246&pagename=HCPFWrapper>

The Department has developed an Advisory Committee made up of stakeholders to provide guidance and make recommendations to help improve client health, access, cost and satisfaction of clients and providers in the Accountable Care Collaborative (ACC). The committee will include [four subcommittees](#) that will address the following topics:

- Payment Reform
- Provider and Community Relations
- Quality Health Improvement
- Full Benefit Medicare-Medicaid Enrollees

The ACC Advisory Committee meetings are open to the public (when viewing on-line you can click [here](#) for meeting dates and times).

Committee appointees represent the following stakeholders:

- Key Regional Care Collaborative Organizations (RCCO) staff
- Primary Care Medical Providers
- Other provider groups
- Clients and families
- Department staff

Most committee members will be appointed by the RCCOs. If you are interested in participating you can contact the RCCO in your area.

The Benefits Collaborative (another place to get involved)
<http://www.colorado.gov/cs/Satellite/HCPF/HCPF/1236342370137>

Benefits Collaborative

Background

Colorado Medicaid established the Benefits Collaborative in 2008, in an effort to define its covered services. The Benefits Collaborative serves as the Department's formal coverage standard development process. The Benefits Collaborative is a stakeholder driven process for ensuring that benefit coverage standards are based on the best available clinical evidence; outline the appropriate amount, duration, and scope of Medicaid services and set reasonable limits upon those services; and promote the health and functioning of Medicaid clients.
